Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**ADOPT A RESOLUTION DESIGNATING THE WHITESIDE COMMUNITY AS A
REDEVELOPMENT SURVEY AREA FOR POTENTIAL REDEVELOPMENT (1)
(3 Vote)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the designation of the Whiteside community as a Survey Area for potential redevelopment is exempt from the California Environmental Quality Act (CEQA), as described herein, because the proposed designation will not have the potential for causing a significant effect on the environment.
2. Adopt the attached resolution designating the Whiteside community as a Survey Area for redevelopment and finding that the Whiteside community requires study to determine if a redevelopment project in the area is feasible.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION:

California Health and Safety Code Section 33310 requires that your Board adopt a Resolution designating a survey area to determine if redevelopment is feasible for a particular community. The Whiteside community has been identified, through pre-redevelopment studies by the Community Development Commission, as an area that could benefit from designation as a redevelopment project area.

FISCAL IMPACT/FINANCING:

There is no fiscal impact.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

The Whiteside community comprises approximately 133 acres in unincorporated eastern Los Angeles, and is characterized by a mix of industrial and residential land uses. The area is generally bordered by Interstate 10 to the South, Indiana Street to the West, Worth Street to the North, and California State University, Los Angeles to the East. The proposed Survey Area that was the subject of pre-redevelopment studies by the Commission is designated on the attached map (Attachment A).

Following approval of the Resolution, the Commission will proceed with further steps in the redevelopment plan adoption process. The Commission intends to work with local residents and business owners to develop a plan to eliminate slum and blight conditions existing in the area.

Adoption of a redevelopment plan would enable the Commission to address documented slum and blight conditions in the Whiteside community by engaging in redevelopment activities authorized by state law. These activities include, but are not limited to, acquisition of sites for new construction, rehabilitation of existing structures, and construction of public improvements.

Subsequent Board actions would be required before a redevelopment plan could be adopted for this area.

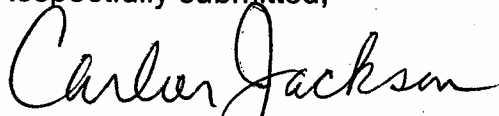

ENVIRONMENTAL DOCUMENTATION:

The designation of the Whiteside community as a Survey Area is exempt from the provisions of CEQA pursuant to State CEQA Guidelines 15061 (b)(3), because CEQA applies only to activities that have the potential for causing a significant effect on the environment.

IMPACT ON CURRENT PROGRAM:

Adoption of the Resolution will permit the Commission to continue the process of establishing a future redevelopment project in the Whiteside community.

Respectfully submitted,

CARLOS JACKSON
Executive Director
